Install

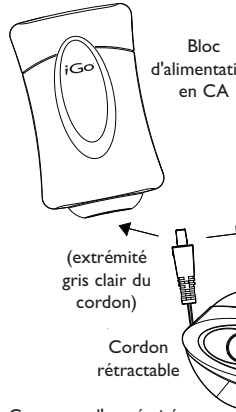

Note:
Pull cable from both sides.

1. Connect the retractable light grey cable end to either the AC or in-car unit.
2. Plug the retractable black cable end to the appropriate iGo power tip.
3. You can now connect to the device you wish to charge.

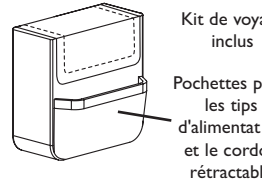

2

Installation

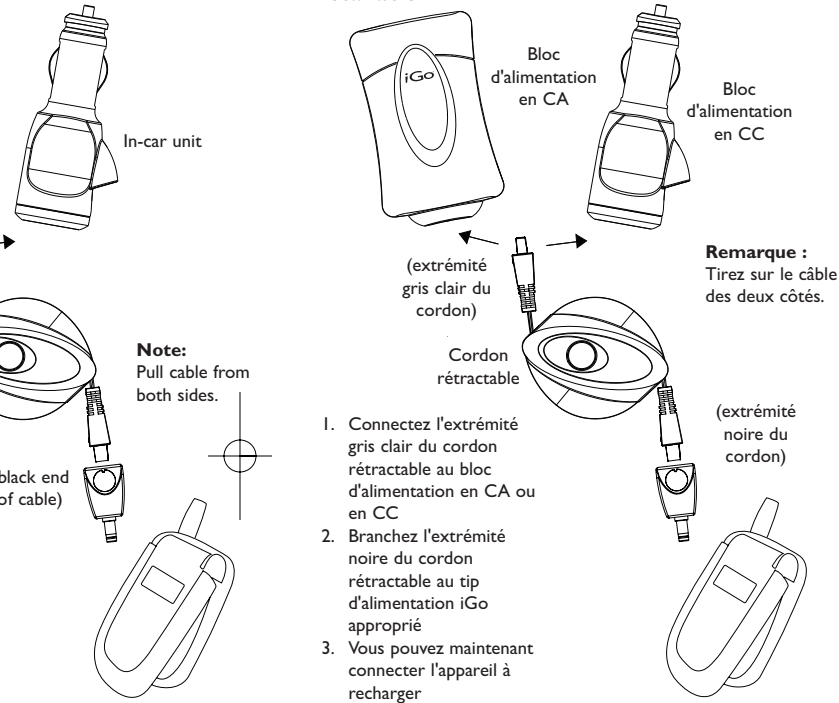

1. Connectez l'extrémité gris clair du cordon rétractable au bloc d'alimentation en CA ou en CC
2. Branchez l'extrémité noire du cordon rétractable au tip d'alimentation iGo approprié
3. Vous pouvez maintenant connecter l'appareil à recharger

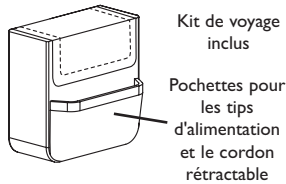

Caution: Hold one end of the cable while retracting. Do not let cable retract freely. Cable may jam on reel or whip back and forth and cause injury.

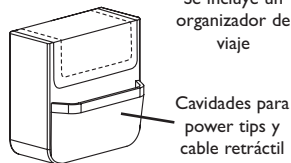

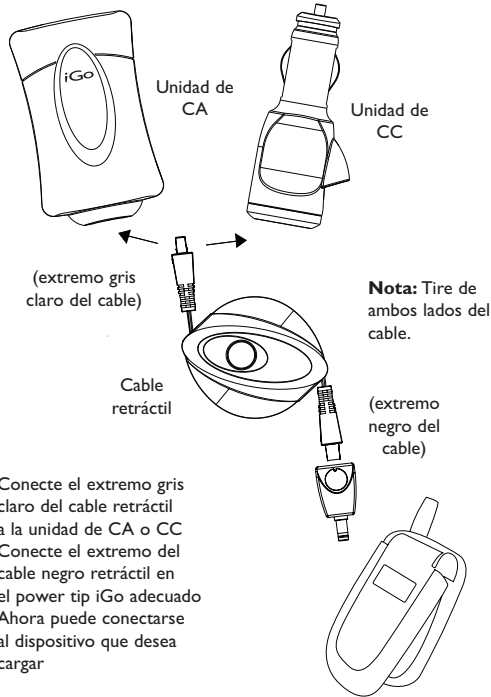

Installation

Précaution: Tenez la prise lors de la rétraction du cordon. Guidez le cordon lors de sa rétraction. Le cordon peut se bloquer sur le dévidoir. Il peut également vous blesser s'il génère des mouvements rapides incontrôlés.

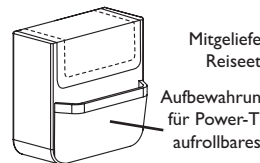

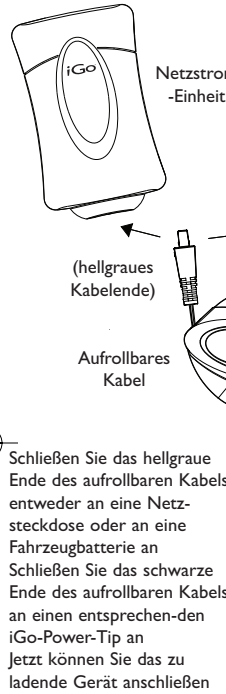

Instalar

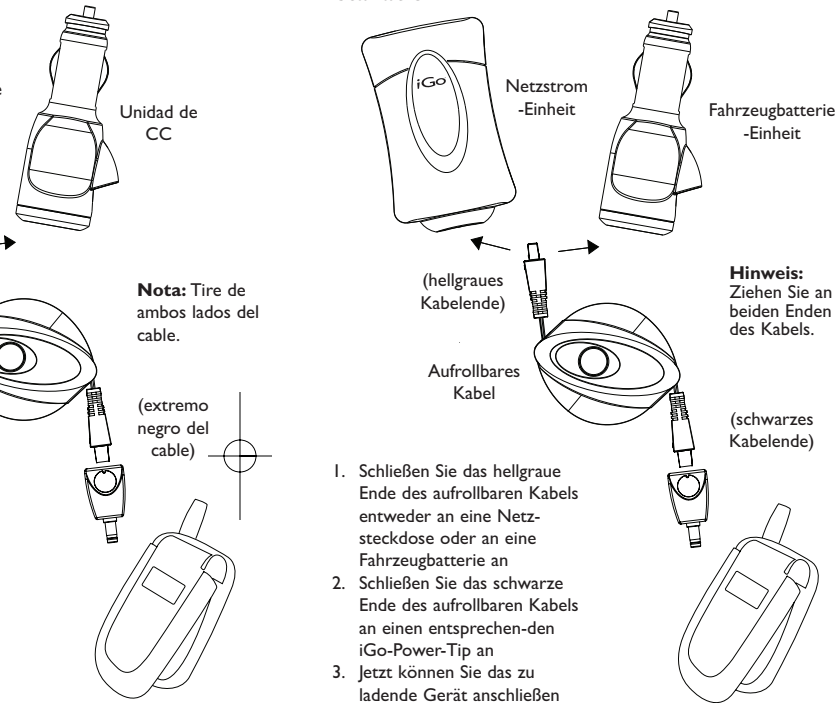

Precaución: Sujete el enchufe mientras se retrae el cable. No deje que el cable se retraiga libremente; podría atascarse en la bobina o golpearle y causarle heridas.

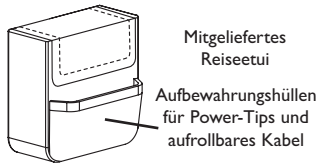

Installation

Installation

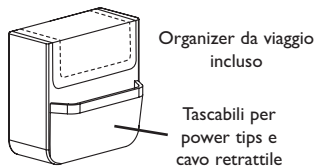

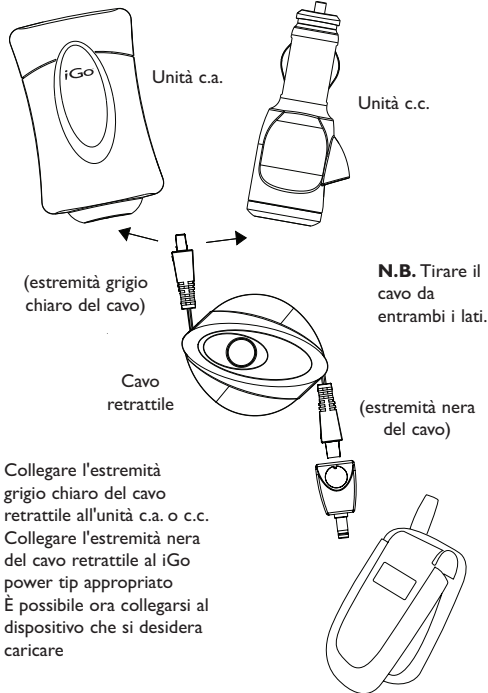

Precaución: Sujete el enchufe mientras se retrae el cable. No deje que el cable se retraiga libremente; podría atascarse en la bobina o golpearle y causarle heridas.

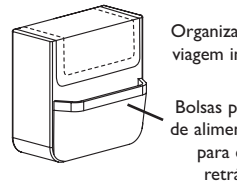

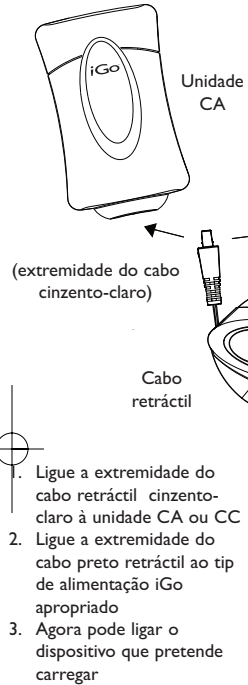

Vorsicht: Halten Sie den Stecker beim Einrollen des Kabels fest. Lassen Sie das Kabel beim Einrollen nicht los. Das Kabel könnte sich sonst beim Einrollen verkleben oder unkontrolliert umherwirbeln und dabei Verletzungen verursachen. 5

Installazione

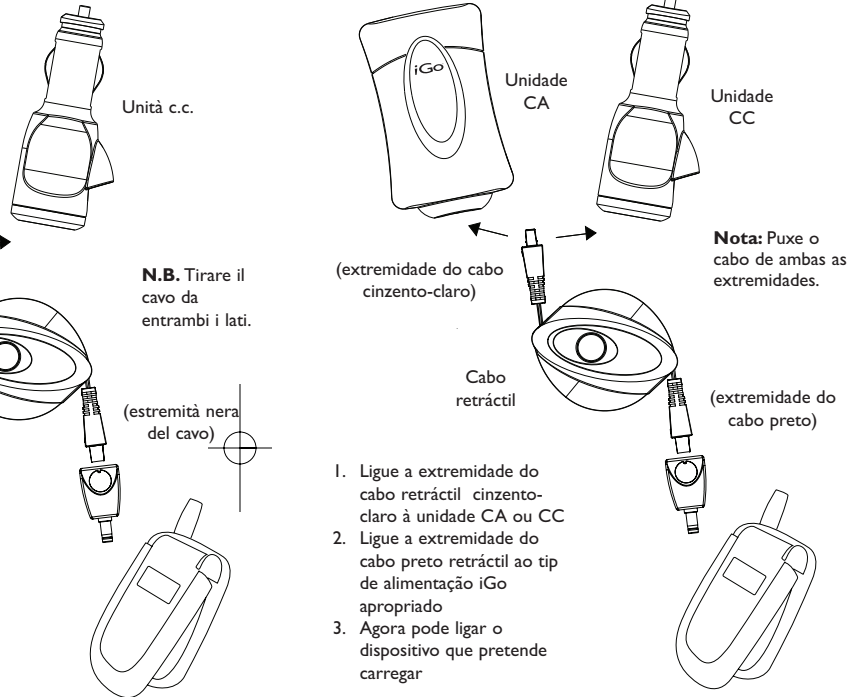

Attenzione: Mantenere la spina mentre si ritrae il cavo. Non lasciare il cavo ritrarsi liberamente. Il cavo potrebbe imbrogliarsi sulla bobina o volteggiare all'improvviso causando lesioni.

Organizador de viagem incluído

Bolsas para tips de alimentação e para cabo retráctil

Atenção: Segure a ficha enquanto puxa o cabo. Não deixe que o cabo recolha livremente. O cabo pode prender-se na bobina ou soltar-se provocando ferimentos.

Installatie

Waarschuwing: zorg ervoor dat u de stekker vasthoudt wanneer u de kabel intrekt. De kabel mag niet ongecontroleerd worden ingetrokken. Hierdoor kan de kabel in de knoop raken op de rol. Daarnaast bestaat er de kans op lichamelijk letsel als gevolg van het rondzwiepen van de kabel.
